Dark-Fired Markets Open On Nov. 27

The Dark-Fired Tobacco Growers Marketing Association has asked that the warehouses be opened on November 27.

Notices have been sent to buyers asking their approval of this opening date.

Warehouses are operated in Farmville, Lynchburg and Blackstone.

The proposed schedule would call for closing for the Christmas holidays from December 14 until January 8.

It is estimated that about 85 per cent of the 1961 crop has already been harvested and is now being cured. There is general belief that the 1961 crop is a good one. The crop could reach the 10-million pound mark.

Appomattox County is credited with being the top county in the dark-fired belt.

Growers last year sold some 9,000,000 pounds of dark tobacco.

The price average was $39.40 per hundredweight.

PAYMENTS ON WHEAT ACREAGE

Wheat farmers who divert acreage from production of wheat under the 1962 wheat stabilization program may earn payments, by putting that land into approved conservation uses. And the County Agricultural Stabilization and Conservation Service Office now has authority and will be prepared to make a partial payment at the time of signup, according to W. T. Hix, III, Chairman, County Agricultural Stabilization and Conservation Committee.

The Agricultural Act of 1961 ... that up to not more ... that 50 per cent of the payment to producers may be made in advance determination of performance. This provision is designed to provide income to farmers ahead of harvest time.

The advance payment that can be made at the time of signup is computed by multiplying the number of acres to be diverted by ... farm payment rate that is based on 45 per cent of the normal yield and taking half of that amount. The farmer may receive this advance payment in cash or in wheat.

When a farmer signs up to participate in the 1962 wheat program he must indicate acreage he intends to divert to ... use if he desires, payment. The law requires him to divert a minimum of 10 per cent of what his wheat allotment would have been without the new program or 10 per cent of his highest acreage if such acreage has not exceeded 15 acres in the past 3 years. This minimum diversion is reflected in the 1962 farm wheat allotment sent to farmers before the referendum.

The ASCS office will issue the producer a sight draft. If he wants cash, he merely endorses the draft and cashes it his local bank. Or the sight draft may be used to purchase wheat at the market price determined by Commodity Credit Corporation. Only the original payee may use the sight draft to buy wheat. Subsequent payees may endorse the draft for cash only.

Others details of the program including the producer's high and low option on diversion and a complete list of approved conservation uses are available at the ASCS county office, Chairman Hix said.

A. H. S. Plays Altavista On Friday Night

The Appomattox High School Rebels fresh from a 25 to 13 win over Amherst, plays a strong Altavista Colonels team here at 8:00 P. M. Friday.

Altavista won over the Natural Bridge football team last Friday by a score of 18 to 6. Altavista has been the District 17 champion for the past two years.

Last Friday night, G. H. Jamerson scored three touchdowns to help the Rebels win over Amherst by a 25 to 13 score. G. H. scored on runs of 65 yards, 45 yards, and 25 yards. Buddy Wilcox scored the other touchdown on a 5 yard run. Willard Johnson made the extra point.

On offense James Whitehead, Jimmy Torrence, G. H. Jamerson, and Buddy Wilcox did most of the carrying of the ball. Jimmy Torrence completed quite a few passes and this was a very bright part of the local offense.

On defense: Freddie Carter, Calvin Martin, Booby Williams, Donald Zenter, Samuel Inge, Clarence Mayberry, Willard Johnson and quite a few other boys stood out.

This Friday night's game could go a long ways towards deciding who will be the District IV champions for this football season.

Rites Held For Dr. Gayle
